

# **Pet Portraits... the Art of Gary Parisi**

Commission a custom portrait of your Cocker Spaniel in Acrylics from your favorite photographs.

## **My Professional Background**

I am the owner of BrushWorks a decorative painting business in Memphis, TN. In addition to the decorative painting business, I have also been offering commissioned paintings such as landscapes, pet and people portraits and abstract art. Although I enjoy the decorative painting work, I find pet portraiture very satisfying in trying to capture their likeness and personalities.

## **Photograph Information**

I work from the photographs you supply to create each commissioned portrait. These photographs must be clear and sharp with accurate color and good detail. I also require close-ups of the head to ensure accuracy. These photos need not be larger than 4" x 5".

## **Ordering Information and Pricing**

The portraits I paint are done from the photographs you send me. Send me as many as you can, as it is helpful when choosing the best photo for the portrait. Once I receive the photos, we will discuss poses and any other details necessary to complete the painting. If you email them to me try to send them at the highest resolution possible. You can also mail them to me as prints or put them on a CD. I will return the prints to you along with the finished portrait. You can email me at [gparisi@brushworksart.com](mailto:gparisi@brushworksart.com) with your requests or questions at anytime. I will try to get back to you within 24 hours.

The following prices are for one pet. Each extra pet is an additional \$70.00.

**8" x 10"- \$275.00   9" x 12"- \$300.00   11" x 14"- \$350.00   14" x 18"- \$400.00**

Portraits are painted on canvas board. When completed I will send it to you unframed as I think the frame for your portrait is a very personal or individual choice. I require a 50% nonrefundable deposit when I accept your commission and before starting the painting. Turnaround time depends on how many commissions I have.

When I have completed the portrait I will send you a digital copy via email. You will then have the opportunity to accept the painting or suggest changes to be made. When these changes are complete I will again send you another digital photo via email for your approval. Upon acceptance I require the balance due after which I will send the painting to you. Professional packing and shipping charges will be additional. Payment can be made by check.
